

## Mini Crawlers

Used Mini Crawler Rialto - We have designed a lot of Mobile Crane Operation programs at our Crane Training Schools. These programs are recommended for the experienced operator who needs re-certification or certification, and for inexperienced operator who is looking for work in the industry. Crane operator positions are high due to their high rates of pay. Operators of cranes are amongst the highest paid of any operator of heavy machinery. Our Crane Operator training provides instruction for different mobile cranes. Course content consists of Crane Set-up, Wire Rope, Load Dynamics, Lift Planning, Rigging, Signaling and Load Charts. The program is best for crane riggers, operators and their supervisors. The materials included in the course would consist of a guidebook and lots of useful handouts. The safety manual which is illustrated features one hundred to two hundred fifty pages, that depends on the course, of important and useful material. Course materials comprise load charts and load chart exercises for the crane with which the individual training is working. More than half of the course comprises Hands-On Safety Training. Practical training is useful for increasing and developing personnel skills levels. Just licensed journeyman crane instructors are selected to teach the courses. Our instructors have many years of experience in the business. For all the course we offer, we can include optional testing mechanisms to customize your training. A skills test is normally administered for programs which consist of H.O.S.T. People training will be graded and tested. Certification Training Programs: Fixed and Swing Cab Mobile Hydraulic Cranes; Lattice Boom/Crawler Cranes; Articulated Boom/ Knuckleboom Cranes; Rigging / Signalperson Certification and Training; Testing & Certification; and In-The-Seat Training. As the new industry requirements emerge, the industry standards of practice likewise evolve. The industry sees continual updates to regulations and legislation, in addition to equipment and technology improvements. Industry data analysis and collection detect trends which are changing. Members maintain the advantage of managing their training programs and certifications. Mobile device alerts keep members abreast of personal and workplace safety news.
